Extracurricular Activities

Google Developers Student Club

Present

Africa University, Mutare, Zimbabwe

Google Developer Groups (GDGs) bring together developers and technologists to connect, learn, and grow alongside Google's technologies and experts. These groups support innovation and growth in the tech world by providing opportunities to learn, share knowledge, and collaborate. Some GDGs focus on specific subject areas, like applying technology to fields such as science, providing a space for developers with specialized interests to connect and collaborate.
